

THE VALUE BEHIND YOUR **STERAMIST**[®] INVESTMENT

PAY NOW OR **PAY LATER?**

When you buy a SteraMist unit, you're investing in every perk Binary Ionization Technology (BIT[®]) has to offer. The price you pay for a unit saves you the costs often associated from the use of other cleaning and disinfecting methods.

LEARN HOW CHOOSING STERAMIST TODAY CAN SAVE YOU CONSIDERABLE MONEY TOMORROW.

INITIAL COST

The price of SteraMist includes future cost mitigation when compared to competitors.

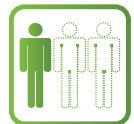

MAINTENANCE COSTS

SteraMist equipment requires minimal routine maintenance and a one-year warranty.

MEDICAL COSTS

SteraMist assists in mitigating health risks that may arise when using harsh and dangerous chemicals. SteraMist leaves no toxic byproducts.

LABOR COSTS

SteraMist technology kills on contact, lowering labor costs through reduced turnaround times when compared to its competitors.

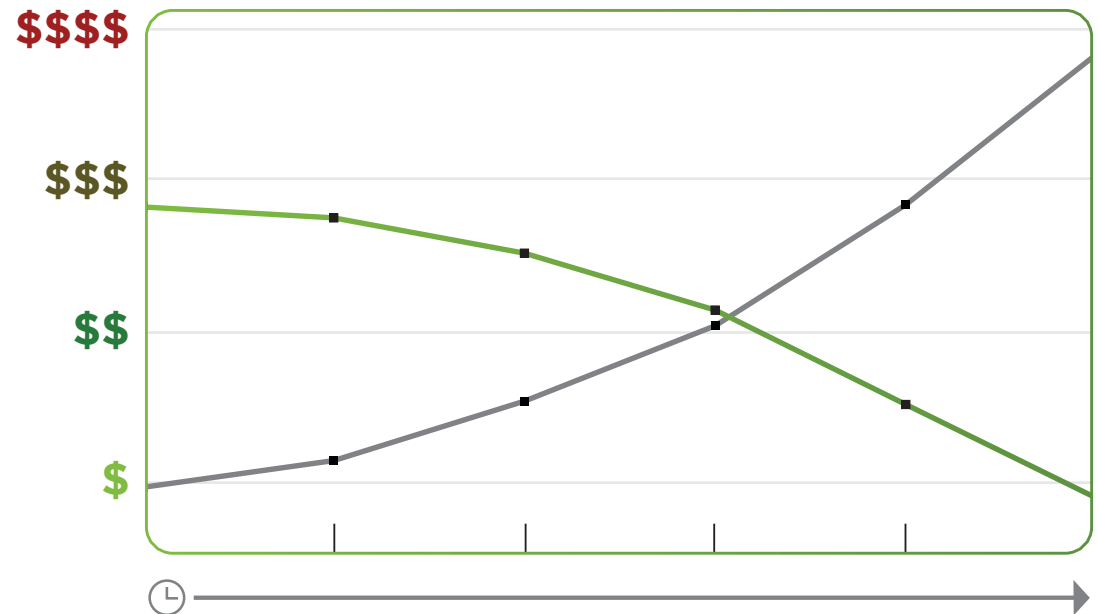

MATERIAL COMPATIBILITY COSTS

Unlike many competitors who corrode and/or bleach surfaces over time, SteraMist has exceptional material compatibility to help you avoid the future costs of replacing expensive furniture and equipment.
