

CUSTOM STERAMIST® FACILITY INSTALLATION

CUSTOM ENGINEERED SYSTEM (CES)

Intelligent Facility Decontamination

Fully customize SteraMist per client and compliance specifications and integrate into any facility space with intelligent BMS interaction. Featuring optimized treatment times, high-log efficacy, superior surface compatibility, and minimized risk with cGMP/GMP & CFR 11.21 compliance.

Standard installation includes:

- Siemens HMI Interface
- Ceiling-Mounted SteraMist Applicators
- Hydrogen Peroxide Monitors
- Stainless Steel Component Enclosure
- Fluid, Data, and Electrical Routing
